

## AP and IB Credits

---

- Students may be eligible for AP credits based on their scores on the Advanced Placement Examinations. Students may be eligible for IB credits based on their exam scores on the International Baccalaureate examinations.
- The updated tables and guidelines for AP and certificate and diploma IB credits are available on the [Registrar's website](#). Advisors may use these tables to determine what the student's AP and/or IB credits will be.
- Once the credits are posted, students can view information about credits they were awarded on Hokie Spa under the Transfer Credits section.
- AP scores are received electronically from the College Board. May exam scores directed to VT are received in July. Thereafter, scores are received weekly through August, then every 3-4 weeks. Awarded AP credit is viewable on Hokie Spa within three days of VT receiving the scores.
- IB transcripts are received electronically from IBO. May transcripts are received at the end of July. Thereafter, transcripts are received monthly. Awarded IB credit is viewable on Hokie Spa within five days of VT receiving the transcripts.
- Scores must be sent directly to Virginia Tech from the testing agency. No scores will be used from other sources.
- Credit may also be awarded for German Abitur, British A and CLEP. Updated CLEP tables are available on the [Registrar's website](#).
