

Transfer Credit

For Students entering Summer 2008 through Spring 2009

Transfer credit can only be awarded from an official transcript sent directly from the institution or received in a sealed envelope.

Transfer credit can be viewed on Hokie Spa under the Transfer Credits section as soon as the evaluation is complete.

Reference the appropriate transfer guide on the Registrar's website, <http://www.registrar.vt.edu/tranguide/index.html>, to estimate the credit to be awarded. Certain restrictions may preclude awarding of some credits. International courses are not displayed and require a syllabus for evaluation.

International transfer students must submit

- Transcripts in English
- Transcripts in the native language, if available.
- A syllabus, in English, of each course or subject studied (including textbook used and author) submitted with each International transcript.
- An evaluation of each international transcript by a professional credential evaluation service. A list of recommended agencies can be found at:

<http://www.registrar.vt.edu/tranguide/2008/requirements.html>

Graduates of thirteen-year systems must submit syllabi for their final year of study.
