

Transfer Students Seminar Series (TS3)

The Transfer Students' Seminar Series (TS3) is a special program designed to assist undergraduate transfer students learn what they need to know to continue their success at Virginia Tech. A team of former transfer students, faculty, and staff will provide a network of support and information. Transfer students can attend one, several, or all of the free seminars in the semester-long series. Attendees will have an opportunity to join a listserv for transfer students so they can access continuous support throughout the semester. This is a great way to network with other new and experienced transfer students and learn about the many resources available to VT students.
